Mr. Wayne DeVico, Supervisor of Maintenance and Custodial Services The purpose of the buildings and grounds department is to provide a safe, clean, and mechanically sound learning environment for our students. While maintaining and upgrading our schools, members of the administrative team closely monitor our spending guidelines and environmental responsibilities. There are several New Jersey Department of Education mandates that we must adhere to. Our Integrated Pest Management Policy is one that we make readily available to the Mountainside community through annual mailings and postings. This pertains to indoor and outdoor locations. Additionally, we comply with Right-to-Know regulations.

In order to utilize Beechwood and/or Deerfield buildings and grounds, an Application for Use of Buildings and Grounds must be completed and submitted to Dr. Baubles, Chief School Administrator, at least two weeks prior to the activity or event.
