

Mountainside Public Library 2023-2024

Sponsored by The Friends of the Library

3 After-school talks about animals

Animal Adaptations: Tuesday, November 14

Students learn about adaptations as a concept and explore examples of both physical and behavioral adaptations as demonstrated by a variety of zoo animal ambassadors.

Animal Myths: Tuesday; December 12

This program presents and analyzes some myths and misconceptions about animals. Students will meet live animals and discover that fact, while different from fiction, is just as amazing.

Endangered Species and Extinction:

Thursday, January 11

What does it mean to be endangered? Students will consider a variety of pathways to extinction and will meet some ambassador animals that illustrate the definitions of endangered or invasive species.

3:30-4:15pm

For K – 4 Graders

Register for all three by emailing Elizabeth Perrin (eperrin@mountainsidelibrary.org.) include your child's name and grade
