How to Use Mountainside PowerSchool
Single Sign On (SSO) Feature to Manage All of Your Students

Single Sign On (SSO) is a system that allows parents/guardians to use one username and password to access all of their students’ information, grades, and attendance. It replaces the previously-used individual parent IDs and parent passwords. This process must be completed, regardless of the number of students in your family. For instructions on how to create an account, click here. Note: This does not link to any students at Governor Livingston High School. Berkley Heights has a separate PowerSchool system from Mountainside.

1) In your web browser go to: https://ms.powerschool.com and click the “Create Account” tab.

2) Click on Create an account
3) Enter the requested information

4) Scroll down the page and populate the "Link to Students Accounts" portion. Enter the access ID’s and Passwords provided for each of your children.

5) Once all Access ID’s and Passwords have been entered have the user then hit enter at the bottom of the page.
