

Before/After

School Care

Before/After Care Programs are not provided by the school district. There are two private programs we are aware of that service this need for families in our community:

Westfield Area YMCA: This program is run on-site at Beechwood and Deerfield Schools. [Visit here](#) for additional information and to check on current availability.

Primrose at Mountainside: Busing is provided by Primrose to transport students from Beechwood to their location at 1038 Springfield Avenue. Visit their website for additional information and to check on current program availability.

Be aware that programs typically fill up quickly. If you are in need of childcare, we recommend you inquire early!
