

The Mountainside Public Library wants to hear from you! Whether you are a regular patron, an occasional user, or have never been to the library, please take a few minutes to complete our community survey.

The information you provide will help us plan for the future so that we can provide you with the best patron experience while supporting the Mountainside community.

You can access the survey 4 ways:

1. Scan the QR code below

2. Go to <https://ivy.gr.com/MPLSurvey>

3. Visit www.mountainsidelibrary.org and click on the link to the survey.

4. Get a paper copy at the library and return it to the front desk when complete.

Households with multiple people may submit multiple surveys, but we request that each person complete only one survey. Individual survey responses are anonymous and confidential. An analysis of the aggregate survey results will be used as a building block for the Library's strategic plan.
