

What the Mountainside Public Library offers our local Students & Teachers

Databases

- The Mountainside Public Library has access to several databases, located in the Homework Help section under the Children tab on our website. These databases will provide you with all of our research needs and even give out book recommendations.

Tumblebooks

- The Ryan Patrick Faella Memorial Trusts provides the Library with Tumblebooks, a curated databases of children's readalongs, ebooks, graphic novels and more for Preschoolers through 5th grade.

Libby & Overdrive

- Libby and Overdrive are provided by the New Jersey State Library and offer access to ebooks and audiobooks for patrons of all ages.

Teacher's Book Boxes

- The library can create book boxes for any group assignments. We can adjust the loan period to be the duration of the assignment.

Book Displays

- The Mountainside Public Library is more than happy to create Book Displays and shorten loan periods for specific assignments. If you are assigning your class a biography report or a report on a specific theme, we can make sure that all students have the chance to get a book from our collection.

Reference Help

- The Librarians are always happy to help with any research that needs to be done. You can stop in or call ahead to schedule a time to talk with a librarian.

Summer Reading Help

- The Mountainside Public Library strives to have as many summer reading books available as possible. We are more than happy to help you reserve a specific book or recommend books from the assigned reading lists. We even have a summer reading program where you can log your books and win prizes as you prepare for the next grade.

Museum Passes

- The Mountainside Public Library offers passes to 12 outstanding museums in New York and New Jersey. These museums offer families the ability to access these world class institutions free of charge. These museums range from art to history to culture and provide access to unique programs and exhibitions.
