

WE

ARE GOING VIRTUAL THIS

SUMMER!

Our amazing staff has been gearing up for a condensed online presence at a
"Pay what you can" donation for tuition.

We are all in this together now more than ever. I know that presently some of us are in need in many different ways and as is the case for the last 16 years, We want to do our part to make sure that no child will miss out on the fun of camp because of cost.

Have any young family members or friends that like to create stories, live out of our area? Now they can join and participate too! Do they live out of state? The Zoom Playmaker windows are open to us all!

This July's online offerings include:

MUSICAL THEATER -Our very talented musical theater instructors will tailor a special online video program for each camper. Individual songs and scenes will be chosen to suit each camper's strengths and interests. Each camper will be taught music and choreography for one or two songs and two full group numbers in which they will get to sing, dance, and act from some of the most popular musicals on Broadway. We will help campers film their assigned music and scenes, and our editors will piece it together into an amazing talent showcase in which everyone gets to shine!

PLAYMAKERS and CREATIVE DRAMATICS "FOR THE CAMERA" campers will be taking their talents into cyberspace and as usual, Fun will be the name of the game. We're gearing up for another successful summer at The Actor's Camp, but this time Playmakers is all about the camera and will be "ZOOMING" forward with imaginations and creativity to develop their very own play!

DESIGNING FOR FILM & THEATER

Calling All Fine Artists! In this online art course, we will explore the role of fine art in film and theater! Campers will sharpen their artistic skills while creating set designs, storyboards, playbill covers, scene creations, and more! Imagination and creativity are key elements as campers explore perspective, observational, and figure drawing.

CREATING THE SCENE improve your artistic skills and draw amazing things inspired by film and theater! This online art course will guide you in drawing scenery and characters from some of your favorite stories, movies, and plays! Imagination and creativity are super important as campers will draw and paint new worlds and places!

SKETCH COMEDY & IMPROV For months now, this summer's Sketch & Improv Comedy Camp instructors have been online "Zoom teaching" such courses as on-camera acting, character development and improv comedy. So they know firsthand that there's much room to connect and play. Keeping the successful, popular, and well-established format intact: comedy campers will spend the first week concentrating on improvisation, and the second week they'll create sketches. Complete with that same, sensational, end of session, show!
