

A vibrant, colorful poster for a science fair registration. The background is white and features various scientific illustrations: a red and orange planet with a yellow ring in the top left; a blue Erlenmeyer flask with green liquid and bubbles in the top center; a glowing yellow lightbulb with blue base in the top right; a purple and blue DNA double helix on the left; a green atomic model with a blue nucleus and purple electrons on the right; a green and grey telescope in the bottom left; a blue and yellow microscope in the bottom right; and a pair of blue safety goggles in the bottom center. The text is bold and black, with 'IS OPEN!' in red. The registration link is underlined.
